

DIAGNOSIS · DELIVERABLE WITHIN 72H

Security Audit

The security audit gives an objective picture of your organisation's real position under Law 5/2014, Law 8/2011 and the new resilience rules — before the regulator does.

WHO IS THIS FOR?

- Before applying for the HSE clearance
- Ahead of an imminent inspection
- Diagnosis prior to planning

DEADLINE / KEY DATA

72

hours
Report delivered

WHAT IS INCLUDED?

- ✓ Full review of existing security documentation
- ✓ Physical inspection of facilities: access control, detection and video surveillance systems
- ✓ Assessment of the security organisation: staff, roles and responsibilities
- ✓ Compliance analysis against Law 5/2014 and Law 8/2011
- ✓ Review of operating protocols and procedures
- ✓ Executive gap report with risk rating
- ✓ Prioritised action plan with deadlines and owners
- ✓ Results presentation session with the management team

REGULATORY FRAMEWORK

Law 5/2014	General framework for private security. The auditor must be a qualified Security Director to issue reports with official validity.
Law 8/2011	If the company is a critical operator, the audit assesses compliance with critical infrastructure protection obligations.
RD 2364/1994	Private Security Regulation: requirements for services, systems and security staff.
Resilience Act 2026	New obligations that the audit checks whether the company is adopting.

WORKING PROCESS

- | | |
|-----------|---|
| 01 | DAY 1
Documentation request
Receipt of existing documentation: plans, security contracts, drawings and incident records. |
| 02 | DAY 1-2
Physical inspection
Technical visit to the facilities to assess systems, staff and procedures on site. |
| 03 | DAY 2-3
Analysis and assessment
Assessment of the compliance level, gap identification and risk rating for each deficiency. |
| 04 | 72 HOURS
Report delivery
Executive report with diagnosis, gap map, prioritised action plan and presentation session. |

KEY DELIVERABLES

- Executive audit report (summary + key findings)
- Detailed technical report: checklist by area and compliance level
- Gap map with risk rating (high/medium/low)
