

MANDATORY · 4 MONTHS AFTER OSP

Specific Protection Plan (SPP)

The SPP turns the OSP into concrete measures for each critical facility. Without it, infrastructure protection is incomplete before the CNPIC and the Secretary of State for Security.

WHO IS THIS FOR?

- Operators with an approved OSP
- Newly designated infrastructure
- Outdated SPPs

DEADLINE / KEY DATA

4

months per facility
Deadline after OSP approval

WHAT IS INCLUDED?

- ✓ Technical and operational characterisation of the critical facility
- ✓ Identification of essential assets and vulnerable points
- ✓ Facility-specific threat analysis
- ✓ Permanent physical and technological security measures
- ✓ Graduated measures according to the alert level of the Prevention Plan
- ✓ Temporary measures for crisis or emergency situations
- ✓ Communication protocols with the Security Delegate and law enforcement
- ✓ Management of the CNPIC submission
- ✓ Response to rectification requests

REGULATORY FRAMEWORK

Law 8/2011	Article 14: obligation to submit an SPP for each designated facility within 4 months of OSP approval.
RD 704/2011	Article 24: minimum content of the SPP and security measure levels.
Law 5/2014	The SPP must be drafted or supervised by a Security Director with a valid TIP.
Resilience Act 2026	New resilience requirements that may require updating existing SPPs.

WORKING PROCESS

01**72 HOURS****Facility diagnosis**

Technical visit, analysis of plans, existing security systems and review of access points and interdependencies.

02**WEEK 1-2****Threat analysis**

Assessment of facility-specific threats: location, activity, incident history and risk actors.

03**WEEK 2-3****SPP drafting**

Drafting of permanent, graduated and temporary measures adapted to the operational reality of the facility.

04**WITHIN LEGAL DEADLINE****CNPIC submission**

Full management of the submission and follow-up until approval by the competent body.

KEY DELIVERABLES
