

OPERATOR SECURITY PLAN

Operator Security Plan (OSP)

Mandatory strategic document for critical infrastructure operators designated by the Secretary of State for Security. It is the foundation of all CNPIC documentation.

WHO IS THIS FOR?

- Companies designated Critical Operators under Law 8/2011
- Companies that have received formal notification from the CNPIC
- Operators with an expired plan (two-yearly review)
- Contractors that need an OSP to access public defence and interior tenders
- New designations under the 2026 Resilience Act

LEGAL DEADLINE

6

months from the designation
notice
Mandatory review every 2
years

WHAT IS INCLUDED?

- ✓ Analysis of the regulatory context and current compliance
- ✓ Identification and assessment of critical assets and essential functions
- ✓ Threat and vulnerability analysis with impact assessment
- ✓ Definition of the organisation's general security policy
- ✓ Security organisation structure: responsibilities, roles and communication
- ✓ Permanent, graduated and temporary security measures
- ✓ Coordination protocols with law enforcement agencies
- ✓ Full management of the submission to the Secretary of State for Security
- ✓ Follow-up and response to CNPIC rectification requests

REGULATORY FRAMEWORK

Law 8/2011	Protection of Critical Infrastructure
RD 704/2011	Critical Infrastructure Protection Regulation
Law 5/2014	Private Security — qualification of the author
Resilience Act 2026	New sectors and extended obligations
CER Directive (EU)	Resilience of critical entities

WORKING PROCESS

- 01** **72 HOURS**
Initial diagnosis
Review of designation status, facilities and document history. Gap identification and work plan.
- 02** **WEEK 1-2**
