

INTEGRAL · SECURITY + FIRE/EMERGENCY

# Integrated Security Plan

The Integrated Plan combines private security planning with the Self-Protection Plan (fire protection and emergencies) in a coordinated process, producing two independent documents as the regulations require.

## WHO IS THIS FOR?

- Large buildings and shopping centres
- Companies with a contractual requirement
- Operators with an outdated plan

## DEADLINE / KEY DATA

**4-6**  
weeks  
Delivery time

## WHAT IS INCLUDED?

- ✓ 360° analysis of physical and organisational vulnerabilities
- ✓ Security Plan under Law 5/2014 (qualified Security Director)
- ✓ Self-Protection Plan (fire and emergencies) under RD 393/2007 and the CTE
- ✓ Two fully independent documents in format and content
- ✓ Coordination with fire services and competent authorities
- ✓ Evacuation maps and emergency signage
- ✓ Implementation of priority corrective measures
- ✓ Initial training for the designated emergency teams

## REGULATORY FRAMEWORK

|                            |                                                                                                  |
|----------------------------|--------------------------------------------------------------------------------------------------|
